Dear Ms. Arsenault:

NUS Corporation is under contract to the U.S. Environmental Protection Agency (EPA) as a technical and management services contractor in support of the EPA's hazardous waste site assessment activities. In this support capacity, the NUS Field Investigation Team (NUS/FIT) has been assigned the task of conducting a Screening Site Inspection of James River Inc. Mill No. 8, located in Fitchburg, Massachusetts.

In this regard, NUS/FIT requires an Assessor's Map, and a Field Card (Map W, Lot 11), showing the James River Inc. Mill No. 8 property. Pursuant to our telephone conversation of April 3, 1990, the Board of Assessor's Office will remit a bill to NUS/FIT to cover the cost of the maps and the Field Card.

If you have any questions, please feel free to contact me at (617) 275-2970, extension 263. Any information you could provide would be of great assistance to me in this investigation.

Thank you very much for your cooperation.

Very truly yours,

Sue Koszalka
Project Manager
